

Late Bloomer

Lyrics & Music © Kate Northrop, 2009

Verse 1

I am frantic and I'm lazy
With my hormones going crazy
And I have to make a scene
I am such a drama queen

Shift from one foot to the other
I'm a child and I'm a mother
Yeah that's where I seem to be
In the space that's in between

Chorus

I'm a late bloomer
Going for broke
And you've got no humor
If you can't see the joke
I'm a late bloomer
Got one moment to shine
It took so long to get there
That I'm gonna make it mine

Verse 2

You know I'm a force of nature
I am rolling like a glacier
I am howling like the wind
Cause these waves keep rolling in

And it's true I feel the power
Like a century plant in flower
I am reaching for the sky
Cause it's time for getting high

Chorus

I'm a late bloomer
Going for broke
And you've got no humor
If you can't see the joke
I'm a late bloomer
Got one moment to shine
It took so long to get there
That I'm gonna make it mine

Chorus

I'm a late bloomer
Going for broke
And you've got no humor
If you can't see the joke
I'm a late bloomer
Got one moment to shine
It took so long to get there
That I'm gonna make it mine
