

Toward the Sun

Lyrics © Kate Northrop, Music © Melanie Berger, 2010

Verse 1

Clouds throwin' their shadows right over me
Made the day so dark I could barely see
Rain chillin' the remnants of my pride
Flowed over me like the tears I cried

Pre-Chorus

Now I'm turning my back on the storm

Chorus

Walking toward the sun
Gettin' closer
To the light

Now the pain is gone
And it's gonna
Be alright

Verse 2

Turn, leaving the broken sky behind
Gonna hit the road, takin' what I find
Turn, welcome the light that shines on me
And I choose the path that sets me free

Pre-Chorus

Now I want you to know I'm over you

Chorus

Walking toward the sun
Gettin' closer
To the light

Now the pain is gone
And it's gonna
Be alright

Bridge

Gonna shine on me
Gonna shine on me
Let it shine on me
Gonna set me free

Chorus

Walking toward the sun
Gettin' closer
To the light

Now the pain is gone
And it's gonna
Be alright
